

The Moments We Remember

The moments students remember most rarely come from ordinary days. They are shaped in crowded gymnasiums, brightly lit stages, quiet classrooms, and the stillness of final goodbyes. Over time, school becomes more than a place for learning. It becomes a collection of victories and defeats, nervous beginnings and tearful endings. The memories that last are often the battles students fought and overcame along the way.

Student-athletes hyping each other up during an intense basketball game.

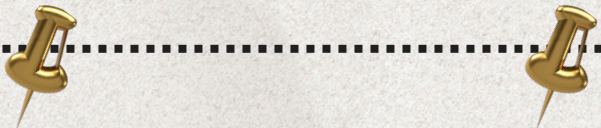

As the next year approaches, something meaningful will be lost. Whether it's in sports or just passing periods in general, something will seem off. This is because the senior class will be on to their next chapter in life. According to a survey of the senior class, more than 70% said their most meaningful high school memories happened outside the classroom. When we asked senior Aliecia Howe what her favorite memory was from high school, she said, "Prom was by far my favorite. I had a fun time getting ready and dancing with my friends." We then asked senior Colton Kuhlmann for a moment he will always remember. He said, "Cheering on the girls at state volleyball."

Senior Laken Wiedel said, "My favorite memory of high school is playing in sports. I have grown as a leader and developed relationships I will always keep with me." As the seniors leave, there are some things that never leave, some moments that will always stay with them as they continue down the road.

.... A SEASON TO REMEMBER

JAN	APR	MAY
5	18	14

January 5: Dodgeball Tournament

The event brought energy and school spirit to kick off the new semester.

April 18: Prom

Students will celebrate with music, dancing, and friends. This night creates lasting memories as the school year begins to wind down.

May 14: Graduation

The ceremony will honor the Class of 2026 as they turn their tassels and prepare for the next chapter.

As the seniors step into their next chapter, they leave behind more than their empty presence—they leave a legacy of memories, leadership, and moments that shaped the school community. At the same time, underclassmen continue writing their own stories, inspired by the examples set before them and creating memories they will one day hold just as tightly. Though each class eventually moves on, the spirit of the school lives in every student, past and present, connected by the experiences that define their time here. Whether it is a school dance, sporting event, or a conversation with your peers, these moments stay with us.

MOMENTS THAT DEFINED US

- THE COMEBACK WIN
- SENIOR NIGHT
- FIRST PEP RALLY
- STUDENT SECTIONS
- CHOIR PERFORMANCES

Students pack the stands, creating an electric atmosphere that defines school spirit.
