

Opening spread full headline: Fill Me In

FILL ME IN

Let's talk about what makes us the Storm

Storm sports had another impressive run this school year with achievements like state, districts, and playoffs. However, there's **more than meets the eye**.

I know you want to **hear more** about how after every senior **Jaydon Sutko** touchdown the student section fell down like dominoes. I'm sure you're **all ears** for the softball team's fourth place finish in Class A at state.

Or how about when we kept trends alive through the joint 67 **chant** with the Millard South student section at the state volleyball game? And it definitely won't be hard to **remember** when senior **Jake Zemlicka** dressed up as Coach Rosenberg for the Halloween game.

watch us work sports

who we are student life

Of course students met up for football games and hoped one of their friends would host on the weekend, **but we also did so much more. Here's what you missed.**

It's not surprising that the freshman still refused to **yell** during battle cry even after seniors ran up the bleachers to yell at them. Or when the spooky season rolled around, a **rumor** that Mr. and Mrs. Fauss dressed up as six and seven for Halloween did too.

Do you **remember** when we started donating fruits and vegetables from the lunch room and placed our untouched apple sauces in the bins everyday?

Lets talk about all the times we begged Mrs. Mrsny to let us leave when our parents hadn't called us out yet. But we knew we were better off staying at school for the day.

Believe it or not, it's the everyday moments like these that made us who we are. Whether it was failing, surviving, crying, or thriving, our time at Elkhorn South gave us more experiences, more skills, and more strength to endure anything coming our way.

Let us TELL YOU MORE

Spread by Lauren Stave,

Full spread for reference
