Come cheer, laugh, and show your school pride in person, or catch all the action live on Striv if you can't be there.

All are welcome to attend!

This graphic design was created from scratch using Canva. The overall layout was built on a blank canvas, where I selected a dark navy background and layered a subtle grid element to give the design depth and structure. The footballs, pom-poms, and megaphone graphics were sourced from Canva's built in elements and arranged to frame the composition while reinforcing the pep rally theme. The wording plays a major role in the design. I combined bold, exciting style fonts for "Football Playoff" with a softer font for details to create visual balance. School colors: maroon, white, and soft maroon tones were used consistently throughout the text and graphics to maintain school spirit. The Silver Lake Mustangs logo was uploaded and placed at the bottom center to represent the school's athletic program.
