

Rewind the Memories

Let the Show Begin

Before we fast-forward, press pause and rewind.

Lets rewind to the moments that are worth replaying. The ones that defined the year.

This year was made of more than events and achievements. It was built in the quiet moments between classes,

The cheers from the stands at football, basketball, and volleyball games,

The late nights spent preparing for performances and competitions,

The friendships that turned ordinary days into something special,

These are the moments we'll replay long after the year ends.

As you turn these pages, you'll see more

than photographs.

You'll see memories captured in time. Proof of where we've been and how far we've come.

Every year leaves behind moments worth remembering. This one is no different.

From small victories to milestone moments, each page holds a piece of our story.

As you turn these pages, you'll see a year told frame by frame. Faces, places, and moments come together to tell the story of who we were during this time.

Press play. The story of the year begins here!

Senior Kaytra Collins performs during pre-game at the homecoming game against Holdrege High School. The cheerleaders and dance team members perform a dance before every home game which has been a tradition for multiple years. "The pre-game performances are something that I will miss a lot after high school. Dancing with the cheer team has always been a joy!" said Collins. *Photo by G. Fitzke*

Junior Mackenna Edmondson and senior Peyton Hartman show off their dissection during their vet science class. The vet science class learns lots about the veterinary industry and has the opportunity to dissect multiple different animals throughout the semester. Hartman said, "Vet science class is always so fun because we get to do a lot of hands on work and we get to explore what the veterinary industry is like." *Photo by G. Fitzke*
