

Prom Advertisement by Hayden Dixon

Artist's Statement: Our junior class selected a Las Vegas theme for Prom 2026. To create this advertisement, I began with a blank document in Canva. I used a red curtain background and added casino-themed graphics to reinforce the event's theme. A marquee sign graphic was used to display the title, *Prom: A Night in Vegas*. I then included important details such as the date, junior and senior arrival times, and where tickets can be purchased. This advertisement will be shared on the school's social media platforms to promote the event to students, staff, and parents.
